

**Profile****Combo built-in mounting profile with wing, 13 mm, 2 m, black**

The patented DEKO-LIGHT COMBO PROFILE SYSTEM is a new, easy-to-install profile-in-profile solution for mounting light lines in façades, gardens, living rooms and much more.

The COMBO RECESSED mounting profile with wings is suitable for preparing light lines in dry walling, plastered masonry, full heat insulation, wood, fibreboard and much more. The mounting profile can be integrated neatly on site and then the prepared LED light lines are clipped in. For direct wall connection, the mounting profiles are provided with a
